

Become a Member of the New York State Smart Grid Consortium

Overview

New York State Smart Grid Consortium (NYSSGC) membership provides organizations with an opportunity to collaborate with industry leaders that are devoted to promoting broad statewide implementation of a safe, secure and reliable smart grid. Join the NYSSGC today to help us modernize New York's electrical grid.

FULL MEMBERS

Industry and State Policy Leaders \$60,000/yr

For those organizations deeply committed to collaboration and working toward statewide implementation of smart grid technologies, we invite you to join the Consortium at an Industry and State Policy Leaders level.

Our Industry and State Policy Leaders include major utilities, large industry businesses and state energy policy makers.

Industry and State Policy Leaders will be invited to engage with the NYSSGC Board and staff to help shape organizational priorities, initiatives and strategies. CEOs will be invited to participate in CEO Forums, leadership-level events, private roundtables and webinars.

A high-ranking executive from our Industry and State Policy Leaders will join the NYSSGC's Board of Directors and the Executive Committee. In addition, these members will be provided speaking and media opportunities as appropriate.

Your organization's logo will be highlighted on the NYSSGC website, materials, via social media platforms, and displayed as part of NYSSGC's presence at key events.

Annual dues for the Industry and State Policy Leaders category: **\$60,000/yr.**

Research Leaders \$15,000/yr

For organizations that are interested in creating research partnerships and shaping policy priorities, we invite you to join the Consortium at a Research Leaders level.

Our Research Leaders category is specifically designed for academia, research institutions and non-governmental organizations (NGOs).

Research Leaders will be invited to engage with the NYSSGC Board and staff to help shape organizational priorities, initiatives and strategies. In particular, we will look toward these members to help contribute to Consortium research efforts including white papers and industry surveys, and as a resource for private roundtables and webinars.

A top official from our Research Leaders will join the NYSSGC's Board of Directors. In addition, these members will be provided speaking and media opportunities as appropriate.

Your organization's logo will be highlighted on the NYSSGC website, materials, via social media platforms, and displayed as part of NYSSGC's presence at key events.

Annual dues for the Research Leaders category: **\$15,000/yr.**

ASSOCIATE MEMBERS

Industry \$5,000/yr

Industry associate membership is a great way for businesses involved in the smart grid industry (e.g. venture capital firms, technology companies, energy service providers, etc.) to become actively engaged with the Consortium.

Our Industry associate members will have the opportunity to collaborate with key decision makers including utility executives, policy makers and researchers. Industry associate members will be highlighted to full members and the public as offering a service that is innovative, forward thinking and potentially game changing.

You'll also be invited to participate in polls and see results, and receive invitations to select NYSSGC events and webinars. Your organization's logo will be highlighted on the NYSSGC website and via various social media platforms.

Annual dues for the Industry associate member category: **\$5,000/yr.**

Emerging Innovators \$1,500/yr

The Emerging Innovators associate membership category was created specifically for startup and emerging companies offering innovative smart-grid related products and services.

Our Emerging Innovators will have the opportunity to collaborate with key decision makers including utility executives, policy makers and researchers. Emerging Innovators associate members will be highlighted to full members and the public as offering a service that is innovative, forward thinking and potentially game changing.

You'll also be invited to participate in polls and see results, and receive invitations to select NYSSGC events and webinars. Your organization's logo will be highlighted on the NYSSGC website and via various social media platforms.

Annual dues for the Emerging Innovators associate member category: **\$1,500/yr.**

Note: Emerging Innovators associate members must be startup or emerging companies that generally have less than 50 employees and less than \$10M in revenue. In addition, these organizations must offer innovative smart-grid related products or solutions and have a presence in NY State via workers or an office.

As a non-for-profit organization, membership dues are critical in supporting the NYSSGC's mission. Membership dues help fund the facilitation of real world smart grid projects, research on cutting-edge smart grid topics including future utility and regulatory models, providing a forum for member collaboration on emerging issues, identifying consumer needs and interests, educating communities regarding grid modernization opportunities and benefits, and promoting New York's leadership in the grid modernization field regionally, nationwide and internationally.
